

SHELL-CLAD™ Shell Scheme Graphics

The easiest way to apply graphic panels to standard exhibition shell schemes

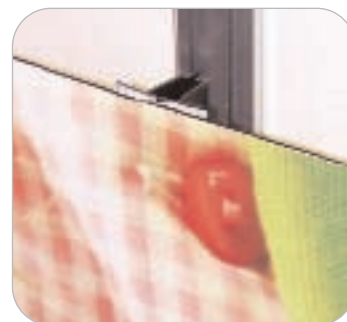

- A clever plastic extrusion which simply slots into the pillars of your shell scheme
- Allows seamless graphics with 100% use of wall and floor space
- Deliver visually striking solutions on a shell scheme budget
- Extremely simple to assemble; no specialist tools, no skilled labour and no hassle
- Full colour graphics are printed on to 3.5mm thick Versamount roll panel
- Shell-Clad is supplied in 800mm lengths, i.e. three lengths perfectly fit the average shell scheme stand height
- Graphics & Shell-Clad are supplied in heavy duty cardboard tubes for easy transportation and safe storage
- For help with any aspect of your order including shell scheme systems, panel sizes or artwork - please call 0800 389 9898

Step 1:
Shell-Clad simply slots into the grooves of your shell scheme pillars.

Step 2:
Graphics simply attach to Shell-Clad system with pre-applied velcro.

Step 3:
Butt graphics together to achieve a seamless wall design - typically a 5 x 4 stand would take 90 minutes to install - by just one person!

3.5mm thick Versamount panels combine durability and rigidity in use, yet are rollable and lightweight making them ideal to transport and store. Velcro is factory attached to save you time.

See our range of Polypropelene cases on page 53
